Opposed to El Loop Says Arthur Murray

In answer to the questions of many Heights residents, Arthur R. Murray, candidate for Selectman, has announced that he will not advocate a loop for the Boston Elevated. Mr. Murray expressed the belief that real estate interests are back of the loop proposal.

Pressure has been exerted, Mr. Murray says, to have him withdraw from the race. This he has no intention of doing. On the contrary he will "fight to the finish," and it is his purpose to "break up a certain ring there has always been in the Center."

Will Be Candidate for Public Works Board

At the request of many citizens George H. Shirley of 16 Walnut street has consented to take out papers for the office of member of the Board of Public Works. Mr. Shirley was born in Arlington and has lived here all his life. He served on the Finance Committee for five years, has been a Town Meeting member ever since that form of government was inaugurated and chairman of his precinct for three years. He has been a member of the Republican Town Committee for twenty years and its treasurer for ten.

Lacasse Serving Six Months' Term

When his case came up for the last time on Monday of this week, Amidee D. Lacasse of Manchester, N. H., was sentenced to six months in the House of Correction and is now in jail. His lawyer put up a strong plea to show that his was merely an operating so as to endanger case and should be dealt with leniently, but in the Superior Court, Judge Hayes upheld the sentence of the lower court.

WOULD SUPPORT QUALIFIED MAN SAYS REP. GOTT

Finds Methods Used So Far "Deplorable"

The following letter from Representative Hollis M. Gott states his stand in the campaign for town offices:

"As my position in regard to my possible candidacy as Selectman is so misunderstood and because so many entirely unauthorized and incorrect statements relative to the March election have been made, I am glad to state a few facts. Let me say, first, that I have endorsed no candidate for any public office in the town.

"My position has consistently been, and I have stated it plainly to those who I believed would quote me correctly, that I would be glad to support and help elect any man who I believed was qualified for the office he sought. I have named several men who, in my opinion, are entirely qualified.

"I cannot believe the acts of a small group who appear to dominate the Citizens' Committee are the results of sane and honest efforts to bring before our voters the names of those best qualified to

To Turn on Lights February First

After the first of February the street lights will again be turned on all night long. This decision was made at the meeting of the Joint Board Tuesday evening as a result of the petitions and letters received and also of the fact that the Edison Electric Illuminating Company made a mistake in its first estimate, which showed a saving of \$4,500 for the two hours, from two to four, that the lights were shut off. The saving is actually less than \$2,000. To effect the desired saving it would be necessary to turn off the lights more than three hours.

The petition came from organizations and the letters from individuals. They objected to having the lights turned off because of the possibility of hold-ups and general crime and because of inconvenience and difficulty in finding the way in the dark.

There has been some discussion of trying to get a reduction in rates from the Edison Company. For Arlington to make this effort alone would be too expensive. It would be possible, however, for a number of municipalities to join in asking a hearing before the Public Utilities Commission. The company has already made a reduction in the rates on the higher powered lamps which has resulted in a saving of about \$1,000. This does not effect the smaller lights.

TAX RATE MAY INCREASE SAYS FIN. COM. SPEAKER

Mr. Estabrook Explains to Rotary Club Necessity for Retrenchment. Payments to State Increased.

Treasurer Borrows At New Low Rate

Town Treasurer Charles A. Hardy has secured a loan of \$150,000 at 7.7 per cent. This is a new low rate, the last money borrowed for the town having cost 9.1 per cent. The money is being borrowed from the National Shawmut Bank whose bid was the lowest of the five that bid. The loan is in anticipation of taxes. The notes will be dated January 30th and will fall due November 3, 1933. In consideration of the fact that many towns are having difficulty in securing money at five and six per cent, the rate is remarkably low.

"Murder" Committed At Baptist Church

Chief Archibald F. Bullock and Lieutenant Ryan, aided by two good actors, solved a murder problem in the social hall of the First Baptist Church Monday night. The murderer was not sentenced but was placed on probation.

The chairman of the entertainment committee, Lloyd Turner, turned the meeting over to Chief Bullock, who addressed the assembly briefly. Suddenly the lights were turned out, a shot fired, excitement reigned, and when the lights were hurriedly turned on, Richard Lowe was found lying "dead" on the stage. The criminal, Carl Everberg, was quickly apprehended and through the fingerprint method was proven guilty.

About seventy members of the Men's Class with their guests enjoyed a sumptuous supper of steak and onions, baked potatoes, cream and cake, served by the efficient amateur ex-president, caterer, Fred Douglas, assisted by L. E. A. Smith, another past president, and Charles Reay, treasurer (not the old movie actor).

After the supper, the president, Fred Gay, called upon each past president for a short address. Fred Ennis, the first president in 1910, responded, followed by L. R. Goodwin, 1911; Clarence A. Moore, 1912; John A. Easton, 1915-1920; L. E. A. Smith, 1921-1922; William Wallace, 1923; Thomas Crawford, 1924-1926; Fred Douglas, 1926; Carl Alsen, Jr., 1929; and Harrison Evans, 1930-1931.

The most exciting and pleasant evening concluded with an address by Detective Sherlock of the State Department, Middlesex County, who explained circumstantial evidence, the fingerprint method and cited several interesting murder cases.

Winchester Contracts For Use of Police Radio

The contract between Winchester and Arlington for the use of the police radio was signed Monday evening. Winchester is the third town to have broadcasts sent to scout cars from the Arlington station. The first two to use the hook-up were Lexington and Woburn. Winchester has been using the radio on trial for some time.

Woman's Club Members Enjoy First Musicales

The sixty members of the Arlington Women's Club who took advantage of the invitation of the Music Department and attended the Hutchinson road home of the president, Mrs. Harold B. Wood, passed a most enjoyable morning.

The program included tries by Mildred Muscato, piano; Ruth Masters, cello; and Hope Wright, violinist; violin solos by Miss Wright and soprano solos by Mrs. Isabelle Winship. Mrs. Winship, who is president of the Winchester Fortnightly Club as well as soloist at the Winchester Congregational church, delighted the General Federation delegates at Seattle last summer with her singing. Her Wednesday morning selections included a group of French songs—"Beau Soir", "Mandoline", "Chère Nuit", and "La Chanson des Cloches"; an Italian song, "Care Silve"; and a group of English songs—"Spring Dropped a Song", "Time, You Old Gypsy Man", and "O, Lovely Rose".

Mrs. Ralph B. Currier, chairman of the Music Department, introduced the program. The next musicale will be held on February 28th at the Jackson street home of Mrs. A. W. Hillard.

That there is a probability of an increase rather than a decrease in the tax rate was indicated by Harold Estabrook of the Finance Committee, who spoke before the Rotary Club Wednesday in place of the committee chairman, Ernest W. Davis, who was prevented by illness from being present.

Retrenchment in municipal expenses is being urged by the Finance Committee, said Mr. Estabrook. A ten per cent decrease in all departments has been requested by the chairman. However, such retrenchment is offset by the fact that while in 1931 the town received \$121,000 from the state, in 1932 it paid \$91,000 to the state. This difference means three dollars added to the tax rate. It is estimated that in 1932 it will be necessary to pay the state 50% more than in 1931.

Also, there was \$34,000 in taxes which could not be collected from the tax sale of property, and while \$200,000 was borrowed in 1931, \$500,000 was borrowed in 1932. In its departments the town is \$500,000 behind last year. To add to the gloom of the outlook, Mr. Estabrook stated that while on January 1, 1932, the town had \$200,000 of taxes uncollected, on January 1, 1933, there was \$350,000 that had not been paid.

The average rate of interest at which money was borrowed last year was 3.11%. It is necessary to retrench, Mr. Estabrook insisted, in order to keep down the interest charges.

Clarence A. Moore, chairman of the Board of Assessors, said in answer to questions that there is in the legislature a bill providing for the quarterly payment of taxes. Mr. Moore stated also that there will be a lowering of the assessed valuation of property this year. The decrease must be made gradually as it is illegal to make a flat reduction in assessments.

Roy Hamilton catered for the first time. The tables were attractively set and waitresses, prettily gowned, served the excellent meal. Churchill Hinds of the Winchester Rotary Club entertained with a solo. He was accompanied by Clarence Peterson.

Universalist Men's Club Re-elects Raymond Stearns

At their annual meeting last Friday night the members of the Universalist Men's Club not only elected officers for 1933, but had the pleasure of hearing Professor Leon Campbell of the staff at Harvard College Observatory tell them their "Place in the Universe".

After reports by the acting secretary, Howard Dawes, the treasurer, Clarence Needham, and the chairman of the assemblies committee, Roger Eaton, the meeting heard James O. Holt, chairman of the nominating committee, who presented the following slate after an introductory talk: Raymond Stearns, president; Francis M. Fielder, Jr., vice-president; Thomas W. Briggs, secretary; and Clarence Needham, treasurer. The first and last officers mentioned succeeded themselves. Mr. Fielder succeeds L. Brooks Saville and Mr. Briggs takes the place of the retiring secretary Robert F. Needham. The slate was unanimously elected. Others on the nominating committee were Arthur W. Sampson, Haskell Reed, Rupert G. Dutton and Fred A. Carlton.

Prof. Campbell astounded his audience by talking of fabulous distances. Among countless other things he said that the stars which can be seen with the naked eye are all part of our own local galactic system. The so-called spiral nebula, which are really not nebula at all, are other galaxies millions of light years away. One light year is the distance light will travel in a year, and light travels at the rate of 186,000 miles per second.

Fine Medford Alderman Arrested Here \$10.00

Frank S. Fuller, Jr., an alderman of the City of Medford, was fined ten dollars in the East Cambridge Court for drunkenness Wednesday. Fuller was arrested by Officers Pigott and Hourihan, who were in a scout car, on January 12. Complaints were asked for by the police department for driving under the influence of liquor and operating a car with defective brakes. No complaints were issued by the clerk of the court because there was insufficient evidence to show that Fuller had actually been driving his machine.

At the time of his arrest Fuller was standing on Summer street boulevard arguing with two other drunks. He had been in a slight accident and no one was with him. He claimed in court, however, that someone else had been driving his car and had gone off before the arrival of the officers. The arresting policemen were unable to swear that they had actually seen him driving his own car. The other pair of intoxicated ones, who were Arlington men, would not testify against Fuller.

Seriously Injured By Own Automobile

George W. Stafford, of 148 Thesda street, was seriously injured by his own automobile Saturday evening. It is said that he was working under his car which had been jacked up when the brakes released and the car rolled over him before he could extricate himself. He was taken to the Symmes Arlington Hospital suffering from various injuries, including a broken shoulder and a possible fracture of the skull.

Vote to Place Five Streets in Warrant

The Joint Board Tuesday evening voted an order to lay out five streets - Brooks avenue, Egerton road, Margaret street, Melrose street and Milton street. This means that an appropriation to construct these streets will be asked in the Town Warrant. At the same meeting they voted their intentions to lay out Gloucester street and New road, since a majority of the property holders on these streets had expressed themselves in favor of such action. A hearing on these streets will be held Phillips street property holders were opposed to the construction of that street.

Ask for Removal of Summer Street Barns

Representatives of the Brattle Hill Improvement Association have asked the Board of Public Works to remove the town barns on Summer street which they say are both a blot on the landscape and a menace. The Board is considering the request. At present one shed on the road is used for storing sand, another for painting equipment and a third for wagons. The department no longer has any horses. Before anything can be done, it will be necessary for a Warrant so that the Town Meeting members can vote on the disposal of the property.

No Danger from Depression Gardens Says Mr. Skinner

In spite of the sensational reports of high explosives formed by the ingredients of the depression gardens and of the poisonous gases given off by them, they are, says Charles W. Skinner, teacher of chemistry at the High School, not in the least dangerous.

Ammonium salts give off ammonia gas. This is the same gas that is given off by smelling salts. Mr. Skinner explains. It is not, however, so strong from the depression gardens as from a bottle of the salts.

Mr. Skinner's chemistry pupils were intrigued by the stories they read of the high explosive, whose name is ammonium tri-iodide. They found that their gardens wouldn't explode so they tried using pure iodine with ammonium salt crystals. Even then they failed to get the desired explosive. As the iodine used to color the gardens is far from pure—about a fifteen per cent tincture—there is little chance of its forming the explosive. If something else were used for coloring there would be no chance.

Talents Presented To Heights Baptist Teams

At the morning service of the Heights Baptist church a dollar was presented to each of the members of the sixteen teams which will work during the year to raise money to pay off the mortgage on the church. Each "talent" is to be increased to ten during the year by individual effort or by unusual sacrifice.

The teams have been named for the tribes of Israel and each has its captain. On December 31, 1933, for which date a banquet is being planned, each captain whose tribe "reaches the Promised Land"—brings in \$100 in the talent envelopes—will light a piece of the mortgage, whose burning will be part of the ceremonies.

The teams and their captains are as follows: Reuben, Viola Michaels; Simeon, Mrs. Dora Goodwin; Levi, Mrs. Mary B. Brine; Judah, George Stevens; Zechariah, William Dutton; Issachar, Mrs. Emma Wanamaker; Dan, Chester Gott; Gad, Roy Richardson; Asher, Joseph Ohlund; Naphtali, Robert Maxham; Ephraim, Burris E. Prest; Manasseh, Mrs. Helen MacLver; Benjamin, Humbert Beck; Gershon, Clinton Gray; Kohath, Miss Ruth Freeman; Merari, Mrs. Inez Hovey.

Permits Issued for Two 1-family Houses

Permits for two one-family houses were among the four issued last week from the office of Building Inspector Gratto. The permits, valued at \$10,775, were as follows: Tony Lionetta, 24 Beacon street, addition, \$150; Joseph Gallera, 116-118 Lowell street, dormer, \$125; Erma J. Brown, 152 Crosby street, one-family, \$5,500; C. W. Johnson, 8 Hawthorne avenue, one-family, \$5,000. Seven plumbing and six permits were also issued.

Philadelphia Ledger Praises John Gruber

The following "critique" of interest to local people appeared in the Philadelphia Public Ledger of January 19, under the heading, "Young Pianist Pleases."

"John Gruber, a young pianist from Boston, greatly pleased the Matinee Musical Club with his playing at its concert yesterday afternoon at the Bellevue Stratford.

"The engaging manner in which he told his audience, in a vigorous voice that could clearly be heard, what he was going to play as an encore set a good example for musicians who distract attention from what they are rendering by starting off the audience in a guessing game, or an exchange of whispered identifications by not 'naming their shots' before they fire.

"Perhaps you won't like this march from Prokofiev's Love of Three Oranges," he warned the audience. But this encore, its rhythmic vigor expressed with youthful exuberance so pleased his hearers that he was brought back for still another extra number. He hazarded that this might be better liked—it would be more melodious. This second encore, the Andante from Gluck's "Orpheus," was played with delicacy of touch and feeling.

"The four numbers he played before his encores were well contrasted in substance and in manner of presentation—a Prelude in A minor and "Poissens d'or," by Debussy, the pianist achieving an especially ingratiating diminuendo in the ending of the latter, and two Chopin compositions—the meditative Nocturne in F sharp major and the Scherzo in B minor—by turns impassioned and tender. All were played with technical facility, clarity of utterance and well-wrought tone color.

Mr. Gruber, who in addition to his concert work is locally established as a teacher of pianoforte, will be heard next month by the Arlington Woman's Club. He is a graduate of the New England Conservatory of Music, and is well known throughout the town by reason of his many activities and long residence in the community.

Heights Study Club Hears Interesting Music

Interesting and beautiful music was a feature of the meeting of the Arlington Heights Study Club held Tuesday afternoon at the Clarendon avenue home of Mrs. Herbert A. Snow. Miss Alice Powell in the costume worn by girls in the New Orleans of long ago, sang French songs and Lawton Ganong, tenor soloist, gave a group of cowboy ballads. Mary Louise Wood played piano selections—"To the Sea" by MacDowell, "The Hurdy Gurdy Man," Goossens, and "A Smile," Schutte.

Mrs. Norval F. Bacon read a paper, "Under Three Flags," and Mrs. George T. Standbridge one on "The Era of the Cowboy." The assisting hostesses were Mrs. Le Roy Bezan and Mrs. George Lloyd.

Mrs. C. A. Hardy Gives Talk on "Novels to Note"

A most interesting talk, "Novels to Note," was given in Robbins Library Hall Monday afternoon by Mrs. Charles A. Hardy. She spoke of "The Fortress" by Hugh Walpole as well as of the novels by the same author which preceded it and in which the same characters appear as in "The Fortress." All of these books, she said, are of great value as social history.

She told something of the life of Mrs. Pearl Buck whose book, "The Good Earth," she reviewed, as well as her later novels, "Sons," and "The Tiger's Sons." Having lived in China most of her life with her missionary parents, Mrs. Buck understood the country and the people of whom she wrote.

Of quite different type is J. B. Priestley's "Faraway," whose scene is laid in the South Sea islands. Mrs. Hardy spoke also of Priestley's two other novels, "Good Companions" and "Angel Pavement." She outlined the life of Ellen Glasgow and reviewed "The Sheltered Lives." She criticized the style of each author and read bits, illustrating her points, from several of the books.

The meeting was one of the series sponsored by the Civic-Education Committee of the Woman's Club. In the absence of the chairman of the committee, Mrs. Herbert Stephens who was attending an art conference, Mrs. Clarence H. Dempsey presided.

Mrs. Marion I. Ford, supervisor of art in the town schools, gave a brief talk on the art work in the schools. A pleasant feature of the afternoon was an exhibit of the work of pupils in the junior and senior high schools. This included designs, landscapes, figures, and heads in black and white and colors.

Tea was served by the committee whose members, besides Mrs. Stephens and Mrs. Dempsey, are Mrs. Philip Burt, Mrs. Horace W. Clark, Mrs. Edward A. Davenport, 2nd, Mrs. J. J. Donahoe, Mrs. Melville Foster, Mrs. Lucinda E. Spofford, Mrs. Robert B. Parmenter and Mrs. Franklin H. Wood.

Misses Gertrude Griffin and Lavinia Anthony of Arlington have written the "Mystery." Miss Anthony is also a member of the cast.

General dancing will follow the production. The curtain will ring up at quarter past eight.

Illustrated Lecture Given by Rev. Dyer

Dr. Arthur W. Dyer, Pastor of the Park Avenue Congregational church, gave a most interesting and instructive illustrated lecture on Japan in the Parish House of the church Sunday evening. The history, customs, industries, architecture and religion of these people were very clearly explained and the marked improvement in each through the work of the American Congregational Missions in that country, was set forth. The picturesque scenery of the mountains and the beauty of the flowering cherry trees were prettily illustrated by colored views. The quaint customs and dress of the natives showed a marked contrast to those of our country. The process of farming, especially that of rice planting, growing and harvesting as well as that of the silk industry, from the growing of the silk worm to the time of the weaving of the cloth was very interesting.

The houses, churches, schools and colleges which have been built by the missionaries were a vast improvement of those of the native people. There are now many hospitals and nurseries under the care of the missionaries. In addition to the general uplift in the standard of living, the missionaries have done much to improve the mutual understanding between the natives and the rest of the world.

After the lecture those present formed themselves into a forum, under the leadership of J. Howard Hayes and Dr. Dyer. Plans were discussed for the holding of future meetings for the young people and the older people of the church. These will be announced later.

Mrs. Constance Shields of Park avenue was assisting hostess. Delightful refreshments were served.

ALUMNAE BASKETBALL TEAMS LOSE FIRST GAMES

The Arlington Alumnae Girls' basketball teams were defeated last Monday night in the first games of their winter schedule by the Antiques, a club composed of Greater Boston girls. The score for team A was 17 to 26, and for team B, 32 to 38.

The action of the first game was rather slow in the beginning, with only a few baskets scored. Lillian Dennen captained team B of Arlington. As the game progressed, so did the action. Both teams seemed to be of equal ability, with fast players. Bergen, playing right forward for Arlington's team B, starred with the largest number of baskets. At the end of the second she had scored twenty-six points. Bullock, Arlington's left forward, added six points to the score during the first half. Pete Goodman, fast player for Arlington, did good work as side-center on team B.

For the opponents' B team, Feeney, right forward, scored eleven points during the first half. This team held the lead during the third and fourth quarters, when Bratten scored twenty-three points, and Osgood, left forward, made four points. The game closed in favor of the Antiques.

Team A of Arlington was captained by Louise Donnelly. Captain Donnelly starred as left forward, making the entire seventeen points for her side. The game was played well but the opposing team held the lead from the very beginning.

On the Antiques' team A Lillian Burnham scored eighteen points and G. Burnham, eight points.

The summary:

HIGH SCHOOL RUNNERS BEAT TUFTS FRESHMEN

THE SPORT ADVOCATER

Although taking only three first places out of eight events, the well-balanced team of Arlington High School runners defeated the Tufts freshmen, 39 to 33, Friday afternoon in the Cussons gym. Clean sweep in the 300 and 600-yard runs were the deciding factors in the Red and Gray victory.

The star of the afternoon was Rudman, a Tufts yearling. The former Brighton Academy field-event ace scored 20 points alone, getting a blue ribbon in the hurdles, high jump, broad jump and shot put.

The best event of the day was the 1000-yard run. "Red" Hanlon stepped out into the lead early in the race, setting a rather slow pace. With about two laps to go, Tetzlaff jumped the Arlington lad and flew away into a fifty-yard lead. Hanlon went after him and made it up, except for two or three yards, in a blazing finish.

The easy pace at the start made the time rather slow, 2 min. 37.3-sec. In the short sprint Phinney fought his way up to break the tape ahead of Tufts, Krelberg, doing the 50-yard distance in 5.3-sec. Tetzlaff was caught by the judges at third position.

MacFarland did a nice job in the 50-yard low hurdles, but had to be content with a second to the scintillating Rudman.

Graf had an off day at the high jump. The tall boy has been up to 5 ft. 8 in. this year, but he went out at 5 ft. 7 in., taking a second with MacFarland third at 5 ft. 5 in.

The broad jump was the biggest event for Tufts. Chiquito prevented a Jumbo sweep with a third. In this event Higgins, still out with injuries, was missed. Rudman won with a leap of 20 ft. 1 in. The Arlington out-door captain is capable of doing better than 21 feet.

Arlington picked up 18 points in the two middle distance runs. In the 300, McLean led the way, followed by Garfield and Phinney. In spite of the loss of Ted Foster, who is out with a lame foot, Doc McCarty's lads bagged all the places in the 600. Wilbur Hall was not at his best and finished second to the flying Lowery. Bullard earned the other point.

"Husky" Crovo did not participate in the shot put. Thus Rudman got another five points for the Jumbos with a short toss of 40 ft. 2 in. Davis of Arlington came through with 38 ft. 10 in.—good for second.

The summary:

50-yard dash—Won by Phinney (A), second, Krelberg (T); third, Tetzlaff (T). Time—5.3-sec.

50-yard low hurdles—Won by Rudman (A), second, Hanlon (A), third, Rawlins (A). Time—2m. 37.3-sec.

600-yard run—Won by Lowery (A); second, Hall (A); third, Bullard (A). Time—1m. 23.2-sec.

1000-yard run—Won by Tetzlaff (T); second, Hanlon (A); third, Rawlins (A). Time—2m. 37.3-sec.

High jump—Won by Rudman (T); second, Graf (A); third, MacFarland (A). Height—5 ft. 7 in.

300-yard run—Won by McLean (A); second, Garfield (A); third, Phinney (A). Time—1m. 23.2-sec.

Shot put—Won by Rudman (T); second, Davis (A); third, Walker (T). Distance—40 ft. 2 in.

ARLINGTON A. A. Loses
First League Hockey Game

The Arlington A. A. hockey team lost its first league game to North Cambridge in the Boston Arena last Saturday night, 2 to 0. It was one of three games played by teams of the N. E. A. U. class A Hockey League.

The first game was between North Cambridge and Arlington. North Cambridge won 2 to 0.

Goals—First period: none. Second period: G. Desrosiers (Igo), 3:53; Igo (Smith), 14:49. Third period: none.

Penalties—First period: Smith, charging; Walsh, tripping, 2; second period: Hurd, board check; Thoren, charging; third period: Quinn, tripping, 2; Smith, board checking; Verrier, tripping, E. Houle, tripping.

Referee—Doody and Shaver. Time—three 15m periods.

RUNNERS ENTERED IN
NORTHEASTERN MEET

"Doc" McCarty plans to enter about ten men in the Northeastern interscholastic tomorrow. The High School coach doesn't expect his boys to do a great deal of scoring. The conditions are none too good. It is a small track and, further, the boys are made to run in sneakers. Besides, Arlington has no outstanding stars, but is essentially a dual meet team, where seconds and thirds are important.

The probable entries are Phinney in the dash; McLean in the 300; Hall in the 600; Hanlon in the 1000; Crovo, shot put; Graf, high jump; MacFarland, hurdles. The relay team will probably be Phinney, Garfield, McLean, and Lowery.

THE SPORT ADVOCATER

A former Arlington High athlete, Snow, playing at center, scored Massachusetts State College's only point in the hockey game against New Hampshire State last Saturday afternoon at Amherst. New Hampshire won, 2 to 1. The lone tally was made in the second period.

Ralph Haskell played a fine game as goalie for Browne and Nichols in the game in Cambridge last Saturday morning, when they defeated the New Prep team, 5 to 0.

Art Lane of the Winter street Lanes, scored one of Princeton's four points in the game against Harvard at the Boston Garden last Saturday. Everett, also of Arlington, was a Harvard sub and played against Lane for a part of the game which Harvard won, 5 to 1.

Chippie Gaw, former Hebron hockey star, was one of the wings for the New Hampshire State freshmen in the game against Bridgton Academy at Durham, N. H., last Saturday. Bridgton won, 5 to 2, with Gaw making one of the two tallies.

Another former Arlington High boy, Robert Grannan, played for the Bates freshmen against the Kents Hill sextet at Lewiston, Me. last Saturday and helped to hold the seminary boys to a 2 to 1 victory.

Still another former High School boy, Maloon, played at right wing for New Hampshire Academy when that school's sextet tied the Lakeport Hockey Club, 1 to 1. The game was played at New Hampton.

Bob Fleming, whose work on the High School track team and with the harriers will be remembered, is at Coburn Classical Institute in Maine now. Bob played right wing for the Coburn hockey sextet last Saturday in the game in which Hebron defeated them, 5 to 4.

HIGH SCHOOL GIRLS BEAT BELMONT AT BASKETBALL

Arlington High School's basketball girls won their third victory in a contest with the Belmont High School basketball girls, last Friday in Belmont. The first team won with the large score of 76 to 38, and the second team with the score of 25 to 14.

From the very beginning the Arlington girls held the lead. Midge Rice and Helen McCarty played the forward positions during the first half. Rice played a brilliant game and scored steadily. During this half of the game she made ten baskets, scoring 20 points. McCarty scored eleven points during the same half.

Belmont's forwards were a long time in getting started. Captain Bulmer, playing right forward, scored seven points and her teammate, Lazarian, added five points during the first quarter. The first half closed with the Belmont score only sixteen.

Captain Alice Alexander, who up to this time had been playing jumper-center, went into Rice's place as right forward, with McCarty retaining her same position during the third quarter. Although their score was already that of Belmont, the Arlington girls were elated to have Alice increase the number of points steadily. McCarty played well during the third quarter, and added six points to the score.

Belmont rallied strongly during the last half, but the opponents' score was too large to surpass. However, Bulmer increased Belmont's score by twenty-two points.

During the last quarter Rice was sent back in to play in McCarty's place. It was this period of the game which kept the visitors on the edge of their seats. The ball was thrown up at center, passed cleverly by Midge Williams to Dot Richardson, and from her to either Rice or Alexander. If the ball missed the basket, Alice had merely to reach up and try again, since she outscored the two Belmont girls by at least a head. This was kept up during the entire quarter, and when the final score was added up, it was found that Alice had contributed twenty-six points, and Rice thirteen points.

The second team played a very interesting and exciting game. Again Alexander held the lead during the entire game. Adelaide Pangborn and Kitty Hart played the forward positions during the first half of the game. Pangborn scored ten points and Hart four. The Belmont forward, Sliney and McMerdie, made four and two points respectively. Carroll substituted for Pangborn during the third quarter, but did not score. Therefore, Pangborn was sent in again during the last quarter. She added five points to the final score, and Hart added six. The Belmont

Junior High School East

It is the girls who have been winning the highest scholastic honors since September. Rito Santoliquido and Virginia Sullivan have for four months received "A's" in all subjects. Charlotte O'Neill's record discloses all "A's" for two months.

The recent change in the daily class program has produced very satisfactory advantages. With class periods shortened to forty-five minutes, more time is provided for that important feature known as the Individual Help period. Both pupils and teachers have found this new plan a decided help in reducing excessive homework and meeting individual study needs while together in school.

Musical programs have their variations, also. In keeping with these modern changes Junior High East has its own special musical organization known as the Harmonica Club. Miss Thrasher of the music department is in charge.

The report on school banking would warm the heart of Poor Richard himself. This business of banking is carried on by the Business Practice pupils under the practical guidance of Miss Kennedy. Their audits present some impressive figures. Since the first of the year 369 pupils have deposited over \$1000.

Thus, since school banking was first started a year ago last October, almost \$3800 has been deposited. Evidently, "The Autobiography of Benjamin Franklin" is not being read in vain.

The gymnasium will be the scene of another lively basketball battle next Friday afternoon at 4:00 o'clock, when the school team meets the Old Timers. The Old Timers, although ineligible for the school team, are boasting that they are still able to show the youngsters a trick or two. So on Friday forget the radio broadcast of battlefront news from the Far East and come to a more thrilling battle at the near East where gentlemen are gentlemen and the old hoopers promise to beat the youngsters.

Players: Old Timers—Sarkisian, Mullen, Schroder, Mahegan, Murray; Junior East—Holway, Preston, Lane, Sullivan, Gilbert, Suba; Clarke, Adams, Oliverio, Aubrey.

Arlington Enters In Northeastern Meet

Twenty-four high schools have entered their track teams. Besides Arlington, they are Boston Trade, Lynn English, Newton, Somerville, Everett, Brookline, Quincy, Lawrence, Winthrop, Weymouth, Brighton, Lexington, Watertown, Boston English, Methuen, Middleboro, Melrose, Dedham, Milton, and Malden. Everett is the defending champion, while Newton and Medford have each won the Northeastern meet twice in former years.

Winners at the Northeastern games will get gold, silver, or bronze medals, for first, second, or third places respectively. Each member of a winning relay team will also get a medal. A handsome silver trophy with a runner on the cap, and mounted on an ebony base, goes to the school winning the meet, replacing the silk banners of former meets.

The Corporal William P. Kenibbs Auxiliary No. 67, U. S. W. V., will hold a whist party next Monday evening at 8.30 in the Old Town Hall, Massachusetts Avenue. The committee in charge is Mrs. Nellie Crowley, chairman; Mrs. Lena Smith, Mrs. Julia Denney, Miss Marion Whalen, Mrs. Helen Rockett. Many prizes, contributed by Auxiliary members, will be awarded to the winners.

A. H. S. Barely Escapes Defeat by Medford

Coming from behind in a whirlwind finish, climaxed by a beautiful throw by Seretto, the Arlington High School barely nosed out a fairly strong Medford team Friday evening at the High School gym, 20 to 19. Before the game the local team was granted plenty of odds, but the game proved to be one of the toughest for the Red and Gray dribblers.

Medford pressed the attack from the opening jump with the two Medford lads, Gurney at forward and Dealey at center, finding the basket often. At the end of the first period the visitors had a comfortable lead of 9 to 1. The half time still found the Arlington five way behind, 12 to 6.

In the third quarter the Red and Gray team began to function. Scoring eight points to Medford's four, Arlington trailed the Blue and White by only two points, 16 to 14. Seretto and Captain Hendrick were on the scoring end of quite a brilliant passing game.

Medford maintained its small lead throughout the last quarter. Coach Johnson's boys fought hard but the visitors' defense was equal to everything Arlington offered. With less than a minute to play Captain Dealey and his mates were leading 19 to 18. Seretto grabbed a pass and sank his one-hand push shot to put the locals ahead as the whistle blew.

The second team game was just the reverse of the feature contest. At the half the Arlington five were well up, 11.3. However, in the last half Haslum and Manzo of Medford opened up. The final count was Medford 17, Arlington 13.

A. H. S. Hockey Team Bows to Melrose, 2-0

Putting up a very stiff defense, the High School hockey six surprised the high-powered Melrose skaters at the Garden Saturday afternoon, the locals holding their arch-rivals to two goals scored in the first period. Every game between the members of the Greater Boston Interscholastic Hockey League on Saturday was hard fought and a bit rough, the Arlington-Melrose affair being no exception.

Arlington showed no offensive strength, lacking speed and passing attack. The 2 to 0 score was quite a surprise and was due to better covering by the forward lines and determined checking by the defense.

Spadafora scored both of the Melrose goals. When the first period was about five minutes old, the left wingman broke through the forward line and swung to the left. He crossed the blue line and drove a blinding shot past Sakolian into the right corner of the net. Three minutes later the same lad was covered and he made a pass behind the Arlington net good.

Three minutes after that seemed to foretell of a general white-washing, but the Red and Gray mustered up a fine defensive game to stop any further scoring.

In the second period came Arlington's golden opportunity. The Melrose right wing, Woodland, was given two minutes for roughing. On the next rush Collins and Carpenter, Melrose's center, were snarling at each other and both were sent off. This Melrose had three men on the ice, besides the goalie, to Arlington's four. However, Spadafora pounced on the puck on the face-off and kept it away from the entire local team for most of the suspension period. In this second period Coach Downs tried a new forward combination with Bullock at center, winged by Sullivan and Mee. Cannell teamed with Lane at defense.

In the third period Melrose was completely checked. Arlington toward the end began to display an aggression that could have been well used earlier. Several times rushes almost resulted in scores.

There are now forty-nine active members in the Drum and Bugle Corps and on February 4 they will play at the Girls' Conference at Radcliffe College. They are allotted ten minutes from 8.00 to 8.10.

serve Arlington in important elective offices. I cannot believe they are acting in the best interest of Arlington. Not one of that group, with possibly one exception, has held any elective town office, or through accomplishment or experience is qualified to make an intelligent selection. It may also be said that the majority of the members of that small and headstrong group are not taxpayers.
"I feel confident that the sane and sober judgment of our serious-minded, clear thinking citizens, who are not to be influenced by petty political feuds, will assert itself. There is too much at stake to allow the present condition of affairs to continue. The majority of our loyal and conscientious citizens will, I feel sure, express their opinions, and this will result in the endorsement of candidates who have the respect and confidence of our citizens, and who will be elected on their individual merits and not through such deplorable methods as have been used to date."

DRY chewing gum, often carried indoors on the soles of shoes, is easily removed from carpets and rugs by putting on a few drops of gasoline. The gum will crumble and can be brushed off.

Serving a sherbet with the meat course adds a novelty touch to the dinner. It is not only delicious in itself but gives a pleasant contrasting flavor to heavier dishes. Another all-important point for the busy housewife is that sherbets are easily and quickly prepared.

Cooking Recipes

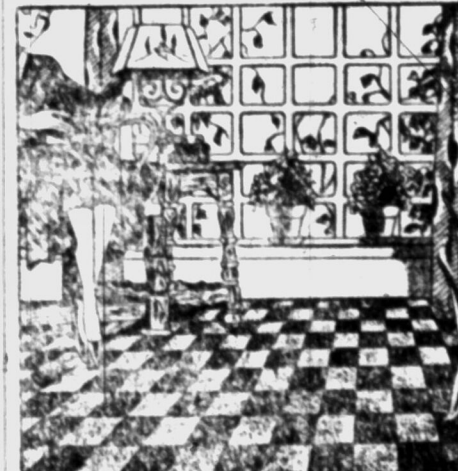

Veal Outlets, Creole
1 to 1½ pounds veal outlet
Flour, salt pepper
3 tablespoons fat
1 small onion
2 tablespoons chopped green pepper
No. 2 can tomatoes
Cut the veal in pieces for individual servings and roll in flour which has been seasoned with salt and pepper. Heat half the fat in a frying pan and brown the meat on both sides. Remove the meat to a baking dish, add the rest of the fat to the pan, and cook the chopped onion and green pepper in it for a few minutes. Add the tomatoes and simmer for 10 minutes. Add salt and pepper to taste. Pour the sauce over the meat and bake in a moderate oven (325 degrees F.) for about 45 minutes or until the meat is tender. This dish may be cooked on top of the stove instead of in the oven if more convenient. The recipe serves 4 persons.

THE flavor of bacon can be improved if the bottom of the pan is sprinkled lightly with sugar before the bacon is placed in it.

When nails or screws need to be driven into hard wood, rub them with soap or oil. They will go in much more easily and are less likely to split the wood.

CUSHIONED flooring made of pressed wood with an in-built shock absorber that minimizes fatigue is now available for the home. It comes in blocks of various sizes and in both dark and light shades, permitting a variety of decorative designs. It can be laid over old floors, sub-flooring or concrete.

Canned fruit should always be opened an hour or two before it is used and poured into a dish. It becomes richer after it has been allowed to absorb oxygen.

Baked Cheese Toast
8 slices buttered toast
½ pound American cheese
3 cups milk
Salt, pepper.
Arrange 4 slices of the toast in a shallow baking dish, cover with thinly sliced cheese, and sprinkle with salt and pepper. On top of this arrange the rest of the toast and cheese, and pour the milk over all. Bake in a moderately hot oven (375 degrees F.) until the cheese has melted and browned. If the toast is very dry more milk may be needed. The recipe makes 4 servings.

Thief Gets Fifty Dollars
From Kelley Coal Co.

In the early hours of Monday morning the offices of the Kelley Coal Company on Mill lane were entered and about fifty dollars were stolen from the safe. Entrance was gained at the back of the building by breaking the glass over the catch. The safe was cracked by knocking off the combination. In the opinion of Police Inspector Ryan it was not a real professional job.

"CYNARA" AT THE UNIVERSITY THEATRE

Ronald Colman, star of a long line of screen successes, comes to the University Theatre on Sunday for four days in "Cynara," his latest and in the opinion of his friends, his best picture. There are two leading women in "Cynara," one well known to American audiences and the other one of Samuel Goldwyn's "discoveries." Kay Francis portrays the role of the young wife, and the newcomer is Phyllis Barry, a young English girl who has not heretofore appeared in a Hollywood picture. The story concerns itself with a rising young barrister who, against his better judgment, permits his best friend to draw him into an innocent flirtation which turns out very disastrously for all hands concerned. It is a quiet, human story, one which might have happened to anybody. It is a humanly romantic drama laid against a background of luxury and well-being and nice living.

"THE CONQUERORS" TO RE-INSPIRE AMERICA

To those who are down-hearted, who have lost faith in the economic stability of the United States, an inspiring document of hope is now making its appearance on the screen of the Capitol Theatre.

The picture is "The Conquerors," a magnificent, entertaining document of America's travail in bitter times and sweet.

Starring Richard Dix and Ann Harding, the film depicts, on a truly epic canvas, the economic growth of the United States from its trading post era, through three distressing periods of depression, to the present time of mass production in industry.

The film demonstrates dramatically the greatness of America. It proves, through the spectacle of entertainment, that the United States has hurdled heretofore, and can still hurdle, all obstacles in its path to prosperity.

It proves, additionally, that an economic depression is but a temporary affair which courage and hope can dispel.

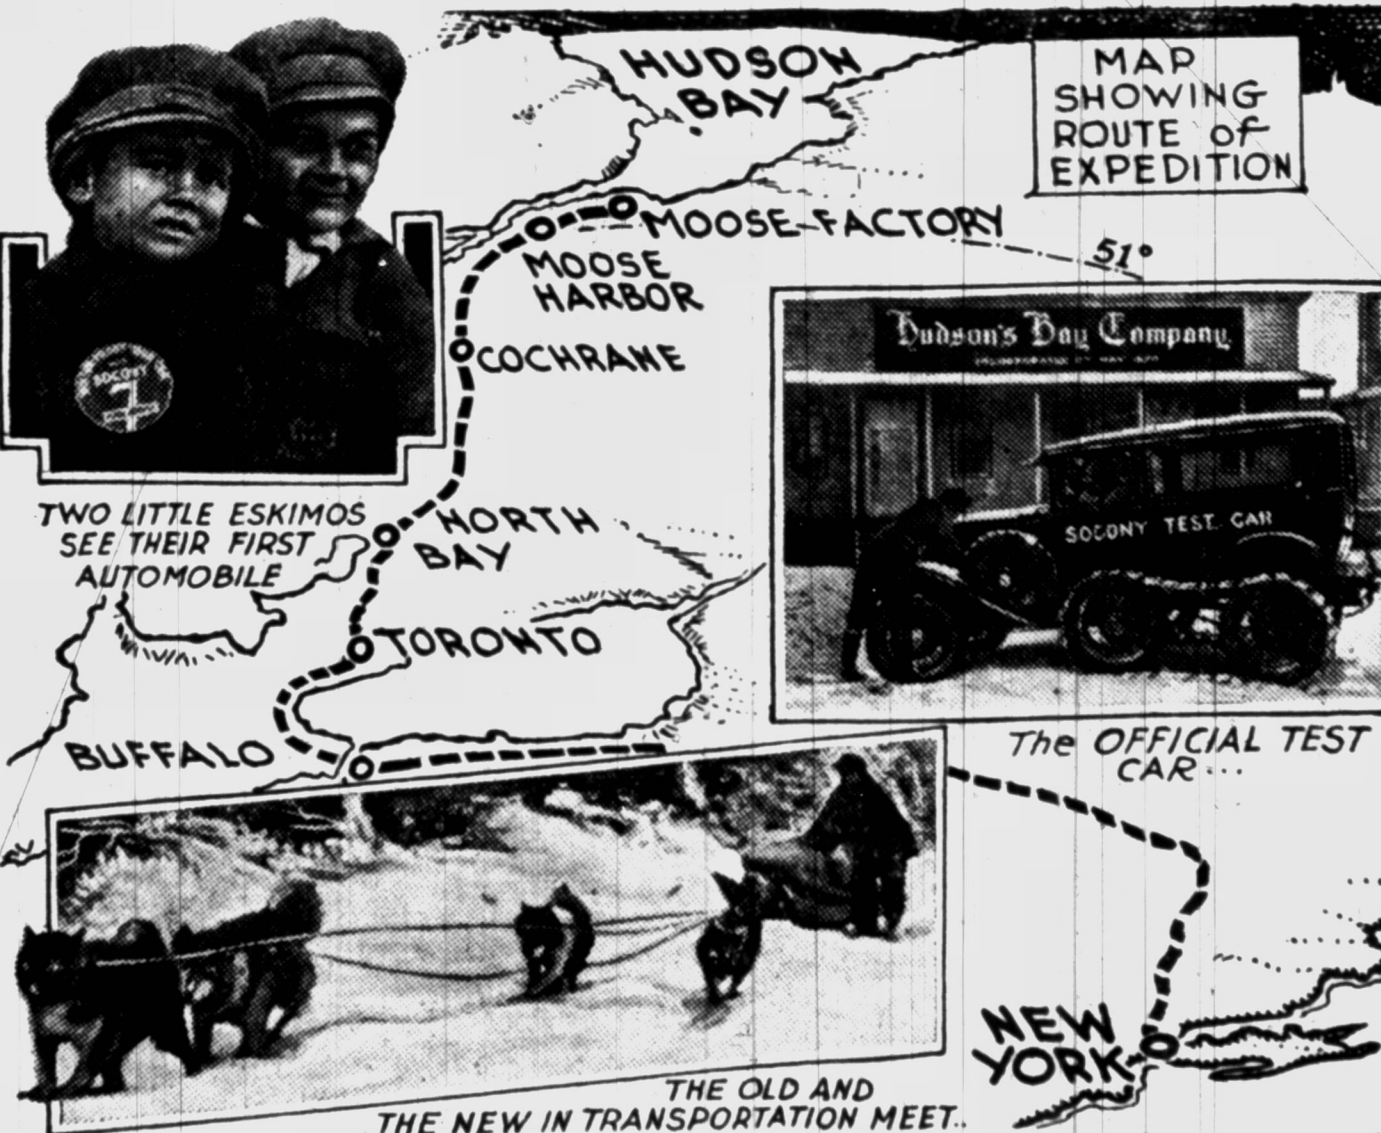

"The Conquerors" is from an original story by Howard Estabrook. Its supporting cast include Edna May Oliver, Guy Kibbee, Julie Haydon and Jed Kibbee.

The five men were turned over to the Boston police for prosecution.

First Autos Invade Sub Polar Regions

THE Eskimo boys pictured above and their friends, who live in the little Ontario town of Moose Factory near the shores of Hudson Bay, saw their first automobile last month.

It was the second thrill of the year for the 250 inhabitants of the old fur trading post and was only exceeded by the visit which Col. and Mrs. Lindbergh paid them last summer when they landed at Moose Factory en route to Japan.

To re-check the laboratory findings on its oil and gasoline under severe winter conditions, the Socony Expedition, which brought the first automobile to Moose Factory, made the trip of 1,250 miles

from New York to this land of ice and snow.
Across New York State to Buffalo, northward through Canada and Cochrane, the last contact with modern civilization, and then for a hundred miles into the white wilderness. This was the route. For the last miles from Moose Harbor to their destination it was necessary for the engineers to build their own roads, cutting through timber and underbrush, to bring the two cars down a fifty-foot embankment and finally to ferry them, in an antiquated trawl, across to the island where Moose Factory is located. This last stage of the journey required three days and nights of hardships and incessant work.

On arrival the expedition was welcomed by the entire population. School was dismissed for the Eskimo and Indian children to see the strange cars, equipped with skis and tractor treads, that when up and down the only street. The members were guests of the Hudson's Bay Company.

The series of tests was conducted under the supervision of an official observer of the Tests and Contents Board of the Canadian Automobile Association and the results showed that the gasoline and oil used around New York and New England functioned just as well in the polar climate of the Hudson Bay country.

THE COMMITTEE AND THE COUNCIL

The relation between the Social Service Unemployment Relief Fund Committee and the Welfare Council is not yet clear in the minds of many people, says a member of the committee. It is really very simple. The committee raises the money. The council spends it.

All money contributions, all pledges to contribute money must be given to the committee. It is the committee which asks for your contributions. In fact the whole purpose for which the committee was formed was to raise money.

At present contributions are badly needed. Two thousand dollars a month is the minimum on which the work can be done. The budget is the same as it was last year. The need is greater because last year the fund was swelled by the contributions of the policemen, the firemen and the school department employees. Now, all of these town employees are turning back to the town ten percent of their salaries. This will help to balance the town budget and will decrease the amount that must be raised by taxes for town expenses. However, these town employees cannot contribute ten percent of their earnings to the town and also contribute five percent to the relief fund.

But the committee is not discouraged, since its members firmly believe that there are in Arlington two thousand people who are both able and willing to contribute one dollar a month to the fund. The object of the drive which is soon to start is to find these two thousand people and get from them pledges to give one dollar a month for the next six months.

That is the work of the committee.

The work of the council is to administer this fund. Arlington is more fortunate than other towns in that it has no overhead. This is because the chairman of the council, Mrs. Perry, devotes her time, without pay, to constant supervision of the work, while its members, representatives of the churches and charitable organizations in town, give a great deal of their time to the work.

The council helps those who, for one reason or another, cannot obtain help from the town. It helps people to keep their homes by paying the rent or paying something on the mortgage. It provides hospitalization, pays gas and electric bills, sees that children have nourishing food so that they will not carry the marks of the depression into their adult lives in the form of various diseases that are the result of improper nourishment. In short, the council strives as far as it can to lighten the misery the depression has brought. It does those things that must be done if life is to continue to be at all bearable for some of our neighbors.

Robinsons Celebrate Fiftieth Anniversary

Last Friday was the golden wedding anniversary of Mr. and Mrs. Walter F. Robinson of 15 Cliff street. They had said that they did not want any celebration. Nevertheless, they thoroughly enjoyed the informal party which their three daughters—Mrs. Don H. Robinson of Antrim, N. H., Mrs. Fred W. Robinson of Edgehill road and Mrs. Arthur W. Sampson of 21 Cliff street—arranged for them. The party was held at the home of Mrs. Fred Robinson and was attended by relatives and intimate friends. Mr. and Mrs. Robinson's daughters, their sons-in-law, and two grandchildren, Franklin M., and Edward H. Robinson of Antrim, were the members of the family present. The house was decorated with the lovely flowers which accompanied many of the messages of congratulation.

Both Mr. and Mrs. Robinson were born in East Sumner, Me. They were married in Portland. They lived at first in East Sumner, then in Portland, then came to Boston. For twenty-six years they have made their home in Arlington. Mr. Robinson has led an active life. In his youth he belonged to the U. S. Signal Corps and was telegrapher with the Nelson A. Miles in his operations against Geronimo. Later he became a surveyor and aided in laying out the Northern Pacific Railroad. Until his retirement he was assistant chief engineer of the U. S. Engineers in Boston Harbor.

At present he is chairman of the Board of Public Works. He has also served on the Finance Committee and as a Town Meeting member.

Mr. and Mrs. Robinson are in excellent health, are interested in the affairs of the day and are thoroughly up-to-date. Both of them are active in community affairs.

The house on the lot at the corner of Tufts street and Massachusetts avenue, known as the "Old Tappan Farm" was torn down this week. The house was built so long ago that no one can remember just when. Daniel L. Tappan of 269 Massachusetts avenue, from whom the farm took its name, says that the farm belonged to his wife's mother, Mrs. Eliza A. Fisher. Mrs. Fisher died about thirteen years ago at the age of ninety-two. She had no idea when the house was built but thought that it must be one of the oldest in town.

Eleven or twelve years ago the Boston Elevated bought the property, expecting to erect car barns there but the town always refused to permit its use for such a purpose. The house has been occupied by several families during the time the El has owned it. The work of wrecking was done by the Mystic Building Wrecking Company of Chelsea.

Longfellow Chapter Sees "The Family Album"

Longfellow Chapter, O. E. S., after its business meeting Tuesday evening in Odd Fellows Hall, enjoyed an entertainment which was arranged by Mrs. Sarah Hewson. In "The Family Album," there appeared Miss Lucinda Higgins, Mrs. and Mrs. Jonathan Cartmel, Mrs. Arthur Hewson, Jr., Miss Sue Childs, Mrs. A. W. Plafin, Dr. Ernest R. Brooks, Mrs. Minnie Parker, Mrs. Alice Proudford and Mrs. Ethel Kinney. Constance Plafin and Betty Hewson acted as pages.

In addition to this Laura Hallisey presented Jean Brogan in singing and tap dances. Jean, who is a born comedian, also delighted her audience with her impersonation of "Lizzie Maloney." Harold Burbridge, another of Miss Hallisey's pupils, danced.

Here and There

Someone has said that Depression is "doing without something our parents never had." Whether that definition could be called strictly true or not, we tried doing without street lights for a time, but some of our fellow townsmen apparently did not know that there was a depression. At least so many of them petitioned for the lights that the Selectmen had them turned on again, to be on every night until dawn.

To be frank, we had not realized that street lights were so much of a comfort at night. As you know the lights were turned off from two until four in the morning in the name of economy. Two or three mornings ago the youngster took it into his head to create a terrific uproar at about three o'clock. So laughingly we vaulted from the downy and groped toward the crib.

Perhaps our parents could have reached that crib without the aid of a compass and without breaking a great toe, but such was not the case with us. Absolute and complete darkness reigned. We could not help thinking of Poe's "Buried Alive." The sensation was much the same except that there was not complete silence. In that trying time we would gladly have been one of those who petitioned the Selectmen to forget economy and turn on the lights.

Former Selectman and present Representative Hollis M. Gott says that the report we published on the front page of the Advocate last week, stating that he had withdrawn from the race for selectman in favor of J. William Fellows is not true. Suffice it to say that we had very good grounds for making such a statement, but if it wasn't true, we are sorry.

Those who read this column last week and also read the announcement concerning Mr. Gott and Mr. Fellows on the front page would have noticed a slight discrepancy. We stated here that Mr. Gott had tossed his hat into the ring, and on the front page it was said that he had withdrawn. Two or three weeks ago we had an editorial praising the school committee for its efforts at economy, and on the front page we quoted Chairman Ernest Davis of the Finance Committee, who said that the school department's budget was a masterpiece of falsity and deception. It should be hard to figure out which section of the paper is printed first.

The entrance of Arthur Birch into the selectman battle has created quite a stir in political circles. A lot of people seem to be a little bit afraid of the doughty Arlington manufacturer. Mr. Birch has not run for political office since 1924. At that time he was defeated for selectman by Frederick W. Hill by a narrow margin. Mr. Birch was flat on his back in the hospital and he thinks that he would have been elected had he been able to get out and shepherd his flock. Now he is going to see whether his assumption was correct or not.

After his defeat in 1924, Mr. Birch took a much needed rest in the form of a trip around the world. He returned to Arlington nearly a year later, and shortly after that he attended a meeting at which a representative of the Boston Globe was a speaker. In the course of his address the newspaper man had occasion to remark that he had never heard of the Arlington Advocate before that evening.

Mr. Birch immediately rose to the Advocate's defense. "Our paper," he said, "has a world circulation. I have seen the Arlington Advocate in London, Paris, Constantinople, Cairo, Bombay, Manila, Shanghai, Tokio and Hawaii. I didn't see the Boston Globe in any of those places." Mr. Birch has been a subscriber to the Advocate for nearly forty years and cannot get along without the local news even while making a trip around the world.

The members of the Universalist Men's Club heard a most interesting talk at their meeting last Friday night. Prof. Leon Campbell of the Harvard College Observatory was the speaker and he told the members something about "Our Place in the Universe." Prof. Campbell made us feel that we are not such great shucks after all.

In the question period after the talk someone asked the professor about life upon some of the other planets. Prof. Campbell thought it very unlikely that there was any intelligent life as we know it on any of the other planets of the solar system. But, he said, since there are countless other systems similar to ours, it is unreasonable to suppose that the insignificant little earth is the only one in the whole universe to be inhabited by some form of intelligent life.

Conditions on the other planets in the solar system are not very favorable to life as we know it. All of them are very cold or very hot and some have practically no atmosphere. Jupiter, for instance, would be a fine place to live. It has a temperature which hovers around one or two hundred degrees below zero and has an atmosphere consisting almost entirely of ammonia. Mr. Gott was sitting near us and he said that he could think of some people he would like to banish to Jupiter.

We met Mr. Jones, head of the government corn-borer research station, on Court street, the other day, and we told him some of the things which Professor Campbell had said. He was not so sure that there could not be insect life on the planets of the solar system. He pointed out that there was an insect which lives in hot sulphur springs—hot enough and containing sulphur enough to kill any other insect almost instantly.

There is still another type whose natural habitat is the oil seepage of the oil fields. He gets along very well entirely immersed in

heavy black oil all the time; a weak solution of oil would be the death of most other insects. It is not unreasonable to suppose that there might be insects which could live in the cold and ammonia of Jupiter. Perhaps some of the "insects" and certain newspaper men whom Mr. Gott would exile might be successful there.

Twenty-Five Years Ago This Week

This evening a "Mock Trial" will take place in Town Hall, under the auspices of Arlington Council, K. of C.

Tuesday evening an attempt to burglarize the residence of Mrs. A. P. Gaze on Jason street was nipped in the bud by a call at the house by Patrolman Joseph Cahalin.

The Singing Club held an enjoyable open meeting on Monday evening in Crescent Hall. Among those present were Nixon Waterman, the poet and writer, and Cyrus Dallin, the sculptor.

Rev. James Yeames has been elected chaplain of the Boston local assembly of the Brotherhood of St. Andrew.

Mr. Barber Reads From Two New England Poets

Rev. Laurence L. Barber, minister of the Orthodox Congregational Church, gave readings in the church vestry Sunday evening from two New England poets—Whittier and Robert Frost. Included in the readings were selections from "Snow-Bound." Mr. Barber chose these two poets because they seemed to him to represent the New England thought of yesterday and today.

Interpersed between the selections were violin solos by Leonard D. Wood. Mr. Wood, who was accompanied by his mother, Mrs. Harold R. Wood, played "Liebesleid" by Kreisler, Waltz by Brahms and "Perpetual Motion" by Novacek.

The platform was prettily decorated, a large bouquet of carnations giving the color accent.

Prof. Horton Spends Week-End With Parents

Prof. Walter Horton of Oberlin University spent the last week-end at the Windmere avenue home of his parents, Mr. and Mrs. Walter E. Horton. Mr. Horton, who is professor of systematic theology, and the author of several books on theology, was called to New York to lecture and took the opportunity to make a short visit to his parents. This was the first time they had seen him since he returned in September from a trip around the world. With his wife, who is the daughter of Mrs. Charles Chick of Windmere park, he spent his sabbatical year visiting European countries and China and Japan and in all of which he gave lectures on philosophy and religion.

HUNDREDS OF GULLS
ON WYMAN MEADOWS

January 22, 1933

Mr. Harold Wood,
Dear Mr. Wood:

I saw your article in the Advocate of this week in regard to the sea gulls. We all wondered why they are around the pond so much. There were hundreds of them on our meadows in December. I have never seen anything like it before. Great storms at sea will drive them inland. I saw this article in the Boston Transcript and thought it would be interesting.

Yours truly,
C. F. WYMAN.

A part of the article sent by Mr. Wyman follows:

"A microscopic disease germ that drifted up the coast on a southern ocean current probably was the obscure agent which disrupted the balance of nature along the Atlantic seaboard from Virginia to New Brunswick. Dr. John B. May, State ornithologist, said today in discussing recent changes in habits of various forms of animal life. Dr. May traced these changes in behavior directly or indirectly to the disappearance of eel grass along that stretch of coastline. Various possible causes have been mentioned for the disappearance of the long, ribbon-like grass, but all have now been virtually eliminated except disease, according to Dr. May.

Motorboat enthusiasts who have had propellers fouled by the marine vegetation may have rejoiced in its vanishment, but that joy plainly was not shared by water fowl and many varieties of fish that regarded eel grass as their natural feeding ground. Brant, geese and some species of ducks, largely vegetarians, fed on the grass itself, and other birds fed on the marine life dwelling in the grass. Now they have been forced to resort to other foods, and geese and brant, the latter a particularly wise and cautious bird, have recently been seen foraging on farm lands. "Gulls, valuable scavengers, had always been satisfied with gleanings from Boston harbor. Now they are invading the city itself, braving heavy traffic of the market district to swoop to the pavement for scraps of food. Presumably the gulls had obtained much of their sustenance from the sea life which bred in and inhabited the eel grass."

Two Arlington Men Get Legacies from Miss Carter

Two Arlington men received legacies from Miss Nellie P. Carter of Boston, whose will was filed for probate Monday. Paul E. Roy of 11 Ashland street receives \$100,000 and Nicholas R. Toussaint of 119 Oakland avenue, \$10,000.

Mr. Roy had been Miss Carter's chauffeur for the past twenty-two years, entering her employ when he was twenty-five. He has married and has an eighteen-year-old daughter, Ethel. He plans to take his wife, who has been ill, away to recuperate. He once worked in the printing department of a Worcester newspaper and thinks that he might like to have a small print shop of his own.

Mr. Toussaint, who is a waiter, served Miss Carter at the Hotel Touraine and later at the Ritz Carlton twenty-five years altogether. He has made no plans for the expenditure of his legacy.

First Universalists Hold Annual Meeting

The annual meeting of the First Universalist church was held last week Thursday evening in the Parish House. Reports of the various societies were encouraging, as was also the treasurer's report, which showed that the year just past was financially better than 1931. The budget for 1933 was discussed and approved.

Miss Evelyn J. Locke, who has served the church as registrar for eighteen years, has retired and Miss Marion E. Mead is succeeding her. Fred A. Hottier was made an honorary deacon and in his place as deacon Ernest W. Davis was elected. William G. Bott was re-elected president; Clarence Needham, treasurer; L. Brooks Saville, collector; Miss Elizabeth Yerrinton, clerk, and Frank W. Knowlton, Arthur P. Wyman and James P. Young, trustees. Mrs. Marion K. Peirce, who had been serving on the board to fill a vacancy, was elected a member. Rupert G. Dutton will act as assistant collector.

Lodge Members Attend Alfred S. Swan's Funeral

Members of Hiram Lodge, A. F. & A. M., and of Bunker Hill Lodge, I. O. O. F., as well as of the Old Charlestown Schoolboys' Association attended the funeral services for Alfred Skelton Swan, which were held last Friday afternoon in the Saville Funeral Home, 418 Massachusetts avenue. Rev. Laurence L. Barber, minister of the Orthodox Congregational church, officiated. Music was by the Pilgrim Male Quartet. Burial was in the family lot in Mt. Pleasant cemetery.

Mr. Swan, who was for many years a resident of Arlington, died at his home, 7 Bulfinch place, Boston, last Wednesday. He is survived by a brother, G. Arthur Swan, of 67 Pleasant street.

Calvary Men's Class
Show Well Attended

A good crowd turned out for the show which the Calvary Methodist Men's Bible Class put on Wednesday evening in the church vestry. An excellent variety program preceded a comedy, "Saving Dad". Solos were sung by Carl S. Nelson and Paul Wenden. Miss Ruth Campbell, an Emerson College student, gave readings. The parts in the comedy, which was really very funny, were taken by William Hunter, Bradley Carle, Mrs. Roscoe W. Frost, Miss Phyllis Nelson and Miss Ruth Simmons. Mrs. A. M. Simmons was coach and director. Candy was sold, this feature being in charge of Mrs. S. N. Hotelling and Mrs. William Augustus.

High School News

Through the efforts of Mr. Fowler, chemistry teacher, several students were able to attend the 2nd Society of Arts Lecture on January 13 and 14. Tenny L. Davis, Ph. D., Associate Professor of Organic Chemistry, spoke on "Chemistry as an Art, a Magic, and a Science". The 3rd Popular Science Lecture will be given on February 10 and 11, by Professor Henry E. Russell, S. M., Professor of Naval Construction at M. I. T. The subject will be "The Navy of the Air".

At a recent meeting of the Junior Class, it was decided to hold the Junior party on Friday, February 17 from 8:00 p. m. until 11:30 p. m. Refreshments will be served during an intermission. The question of music has been decided and the large number of eligible orchestras was cut to "Eddy" Flynn's Jumbonians. There will also be a short entertainment between 8:00 and 8:30.

Scouters' Round Up

Many Scouters from Sachem Council will attend the Round-Up to be held at the Calumet Club, Winchester, Saturday, January 28th. Leaders from all the councils north of Boston will take part and it is expected that more than 300 Scoutmasters, troop committeemen and other leaders will enjoy the get-together. A most interesting program, based on out-door activities has been arranged, from which any scout, whatever his special job may be, can get fun and instruction. Papers will be read and discussion of them will follow, led by experts in different lines. Peter J. Jerard, Scoutmaster, Troop 5, Arlington, will lead one of the groups. In the evening there will be a supper and a good talk by John M. Bier, President of the Nominating Council. Uniformed scouts will be on duty in Winchester Square to direct motorists to the Club House.

Two courses of great interest to troop leaders will be given in the near future. One on Mapping will be under the leadership of Donald Wilson and will be held at his home, 33 Bloomfield street, Lexington, March 21, 26, April 2, 9, and 11.

The other on Astronomy will be given by Dr. B. L. Mallman of Harvard University on February 7, March 7, April 4 and May 2 at the Junior High School in Belmont. Both these leaders are authorities on their subjects and the courses cannot but prove valuable. Enrolments are being taken at scout headquarters.

The Council Court of Honor held last Friday evening at the Lexington High School was the largest ever recorded by Sachem Council, 13 Scouts coming up for Star, Life, Eagle Badges and Eagle Pains.

Rollin Steele, Troop 8, Arlington, and Stanley Johnson, Troop 13, Belmont, received Eagle Badges, the highest award in Scouting.

Albert J. Hawkes, Troop 5, received his Silver Palm and Harold Bowers, Troop 31, Concord, received his Bronze Palm.

John Brackett, Troop 8, received his Life Badge.

FIRST CHURCH OF CHRIST, SCIENTIST

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 29.
The Golden Text is: "Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God" (1 John 4:7).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And we have known and believed the love that God hath to us, God is love; and he that dwelleth in love dwelleth in God, and God in him" (1 John 4:16).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "That God is a corporeal being, nobody can truly affirm. The Bible represents Him as saying: 'Thou canst not see My face; for there shall no man see Me, and live.' Not materially but spiritually we know Him as divine Mind, as Life, Truth, and Love. We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, warping no more over the corporeality, but rejoicing in the affluence of our God" (p. 140).

Arlington Kiwanis Activities

1925

1933

Meets Thursdays at 12.15 p. m. at Wyman's

Today's meeting will not be forgotten in a hurry. Our program committee arranged to have A. Stimpson of 40 Gordon street, Allston, entertain us with feats of magic. And we were all in his confidence and were being taught the intricacies of black magic, the next minute he was pulling wool over our eyes.

Jack Loud made a good assistant, in fact one stout Kiwanian suggested it as a side line for Jack. Give Jack a hand, he'll need another if he tries that trick with four balls again.

F. P.'s idea of having the various committee chairmen address the members is working out fine. Today we had Warren Guild, Chairman of the Educational Committee, say a few words about the work his committee is doing. The idea of this committee is to keep the members posted on "Kiwanis Affairs", and educate them on the ideals of "Kiwanis International". With Warren on the job, we will be kept posted all right.

N. J. HARDY COMPANY BAKERY TO CONTINUE

The N. J. Hardy Company Bakery has announced through William J. Canniff, proprietor of the Bake Shop, that the closing of the Hardy Catering Company, Inc., does not in any way affect the Bake Shop. That will continue the excellent service which has made it for so many years a standby to Arlington housewives.

Next week, our entertainment committee has arranged to have Linus Travers, Director of Commercial Production of the Yankee Network with us. His talk, no doubt will be very educational and entertaining. Let's all make it a point to hear him.

HEARD AT THE MEETING
Franklin is going to have a mustache cup on hand for Lou Bowe next week.

When F. P. called on Deacon Hatch for the invocation, he was heard to reply, "Can't, I haven't got my frock coat on."

How many members really appreciate Walter's new song about "Pink Elephants"? All those who do, signify in the usual manner.

When the magician had completed his skulduggery Ben Pike was heard to remark, "It's fun to be fooled, but it's more fun to know". Ben, you either read the papers or smoke Camels. How about it?

Get the Xmas ties out boys, for February 16.

LACASSE SERVING TERM IN HOUSE OF CORRECTION

(Continued from Page One)

James Donovan of the Arlington Police Department, following an accident in which Lacasse ran down two Arlington pedestrians. He was arrested for drunkenness and charged with manslaughter, operating so as to endanger, defective brakes and other crimes. His victims were George Speros, who was killed, and Anastos Laskin of 24 Moore place, who was seriously injured. They were proprietors of the fruit market at the corner of Broadway and Alton street.

After several postponements, Lacasse appeared in the lower court and was found not guilty of manslaughter or operating under the influence of liquor. Several witnesses who were produced by the defence testified that Lacasse had not been drinking. They seemed to bear more weight with the court than the police officers and a civilian who testified that the driver was drunk.

The driver was found guilty of operating so as to endanger and operating with defective brakes. He was sentenced to six months in the House of Correction for the former and fined ten dollars for the latter offense. The defendant appealed. After several more postponements, which, in this case, were engineered by Chief Archibald F. Bullock in order to strengthen the police case, Lacasse appeared before Superior Court Judge Hayes, who upheld the decision and sentence of the lower court on the operating so as to endanger charge, but dismissed the defective brakes case. Six months is the maximum for operating so as to endanger.

ARTHUR BIRCH ANNOUNCES CANDIDACY FOR SELECTMAN

(Continued from Page One)

Arthur Birch of 97 Gray street is a candidate for Selectman. Mr. Birch has held many town offices and has instigated many public projects. He was one of the original advocates of the present site of the Arlington High School and was one of the prime movers in creating the land in the rear of the high school for playground purposes.

Mr. Birch is a manufacturer of textile machinery, operating a factory and machine shop on Bow street. He is an executive of large experience and feels that he could give a great deal of time to the town since he is on the spot all the time. He has been a successful candidate for selectman before this. But the last time, in 1924, he was defeated by sixty odd votes by Frederick W. Hill.

HIT-AND-RUN, DRUNKEN DRIVER ARRESTED AFTER LONG CHASE

Robert E. Humphreys of 31 Regent street, Cambridge, was arrested by Officers Roche, Keefe and Sergeant Meagher Tuesday evening for drunkenness, and trying to run away from an accident. A complaint was also asked for for driving under the influence of liquor.

It is alleged that Humphreys was driving his machine on Old Mystic street when he struck a car owned by Dr. James Arne of Medford. Although some damage was done the second machine, it is said that Humphreys tried to get away and Dr. Arne chased him for over a mile before he was overtaken and an arrest made by the police officers.

Science Stamps Carbonated Beverages As a Real Aid to Vivacity and Pep

Colgate Investigators Reveal Results of Laboratory Tests

CLEVELAND, Ohio.—A close parallel between the average American pep and vivacity and the annual consumption of carbonated beverages, was drawn by Dr. Donald A. Laird, Director of the Colgate University Psychological Laboratory in an address before the annual convention of the American Bottlers of Carbonated Beverages Association.

His statements were based on results obtained during six years of experimenting in the Colgate Laboratories to discover the effect of certain foods and beverages on work power and personality. The data, he said, clearly indicates that carbohydrates, especially sugar, are by far the most effective of all foods in offsetting fatigue and relieving muscular tension. They are also valuable, he added, as an aid to digestion because of their stimulating influence on the flow of gastric juices.

Fed Sweetened Drinks

The large amount of sugar used in carbonated beverages, Dr. Laird said, made them a palatable and popular form for "refueling" when the natural energy supply in the body reached a low ebb.

Describing the Colgate tests on which his conclusions were based, Dr. Laird told the guinea pigs selected from the student body were subjected to various forms of fatigue producing exercise.

Some of the groups were given drinks sweetened with ordinary cane sugar while others were given drinks flavored with saccharine. The taste is about the same but the saccharine has no energy or food value.

In every case, the students who had the sugar were able to recover from muscular fatigue much more rapidly than the others. Muscular and mental coordination were also benefited by the sugar sweetened drink.

"Tired workers" Dr. Laird said, "are usually poor and erratic workers. The most efficient stenographer will make mistakes when laboring under muscular strain produced by both mental and muscular fatigue. This condition reaches its peak about 4 P.M., a time of the day when office demands are greatest."

age because she is doing them a real favor. They might do well to follow her example because a sweetened drink, taken at this time of the day will go a long way toward restoring work power and relieving muscular tension produced by fatigue."

The increasing amount of carbonated beverages consumed by the American people, Dr. Laird believes, has aided in obtaining for this country the reputation of being a nation of "go-getters."

"In the case of the United States," he said, "we may find some parallel between the general hustle activity and pep and the increase in the consumption of carbohydrates such as are palatably supplied by most sparkling beverages."

Aid to Digestion
Commenting on the value of a sweetened drink, taken about one hour after dinner, Dr. Laird described a series of complicated tests during which the flow of gastric juices was measured at various stages of the meal. It was found, he said, that the flow reached its peak midway through the meal and almost disappeared at its conclusion. Salt, sour, sweet and bitter tastes were tried in an effort to restore the gastric juice flow and of these four, the sweet taste was by far the most effective. "It is therefore fair to conclude," he said, "that a sweetened drink taken about one hour after dinner, is not only a pleasant after-dinner but is helpful in insuring perfect digestion."
